FEAR & SUNSHINE

MONSTERS, MAD SCIENCE, AND A LITTLE HIPPIE GIRL

Sunshine Saliente is more than happy to spend her afternoons playing around her foster parents' homestead with her stuffed rabbit, Bunny. But as she learns the history of the family she had come from, her life is thrown into a world she had never imagined; a world that must be saved from the creation her father had left behind. The time has come for this little hippie girl to claim her place at Darksmith Manor, whether she believes in monsters, or not.

Fear & Sunshine: Prelude

On Halloween night, the newest generation of Darksmith is born. Unfortunately, the monster-making family's most vile creation isn't willing to give up on the legacy he considers to be his for the taking.

Lost Tomorrow

Post-Apocalyptic Alice in Wonderland with Robots!

It should have been a nice day for a picnic but when Sunshine goes chasing after a mysterious, robotic rabbit, she finds out the world is much larger (and stranger) than she had ever imagined.

Trapped in a world that time forgot, Sunshine must find her way home, stand up against the locals who have all gone mad, and team up with some unexpected new friends. Can she escape before she's trapped forever in this future that never was?

This upper-elementary/middle-grade illustrated novel is a side-story of the Fear & Sunshine series of Monsters, Mad Science, and a Little Hippy Girl. While you can definitely read Lost Tomorrow on its own and it's a great place to begin the Fear & Sunshine series, it will definitely drive you mad wondering just how deep the rabbit hole goes.

Paperback, 144 pages, 13 illustrations
Grades 3rd-6th, Ages 8-12, Lexile 790L
ISBN: 9781942811015

Monsters Around the Campfire

Some monster stories to go along with your s'mores!

Even on a hot summer night, there can be chills around a campfire. For Ollie Carothers and his fellow campers, the goal was simple - have the best time ever.

In the glow of the fire, stories are told, one camper to another. But are they just stories? What snapped that branch? Is that just a shadow? What lurks beneath the surface of the swimming hole?

An illustrated adventure of a group of kids at summer camp worrying about monsters coming to screw up their good times.. Between each chapter of the main story is a tale bringing you stories of Bigfoot, zombies, the worst mermaid ever, and more. Perfect for hiding in your sleeping bag with a flashlight. If you enjoy Goonies, Goosebumps, or Are You Afraid of the Dark, you'll love Monsters Around the Campfire!

Paperback, 146 pages, 13 illustrations
Grades 3rd-6th, Ages 8-12, Lexile 790L
ISBN: 9781942811008
